Greetings,

I have a great passion for Web Development and content creation, and based on the requirements and aspects of the position, I feel as though I would be an ideal candidate. With over 9 years of experience I have worked all levels of IT field from help desk, Networking, Systems Administration, and back-end web development. I am currently majoring in the Web Development bachelor's program and have relevant knowledge of Front-end dev and Back-End Dev (PHP, Databases, GitHub) I would love to, take my career to the next level and focus all my time and skill in a full stack web development role.

I feel my skill sets and ability to learn new technologies and work well with others will be a great asset to the Enterprise Applications team. I am willing to take on the challenge to become a great PHP developer and awesome team player to work with.

I would very much like to discuss opportunities with your company. To schedule an interview, please call me at 501-247-6443.

Thank you for taking the time to review my resume. I look forward to talking with you.

Sincerely,

Michael Gray
